

Summer Academy For FSMA Students Entering 2nd - 6th Grade

FSMA teachers are offering a summer enrichment program for our students. This program is designed to help students continue interactions with schoolmates over the summer and to provide exciting learning activities. For students who have been virtual all year, this is a great way to transition back into the school atmosphere. The focus this summer is on student well-being and there will be opportunities for academic learning built into the program in fun ways!

This is a two-week program (8 days). There will be no partial program registrations as the program is built for two weeks. Students will be grouped by grade levels – incoming 2nd/3rd Graders and incoming 4th/5th/6th Graders will be together.
